

Prizes were awarded during the closing session to the presenter of the best posters and to the best lectures by young scientists:

Poster

1st place

Christiane Nawrath "Characterization of *Arabidopsis* mutants involved in cuticle formation"

2nd place

Hardy Rolletscheck "*In vivo*-regulation of lipid storage in seeds occurs via local energy state and oxygen supply"

Young lecturer

1st place

Alena Liavonchanka "Biochemical analysis of a fatty acid isomerase from *Propionobacterium acnes*"

2nd place

Jenny Berglund "The structure of peroxisomal short length specific acyl-CoA oxidase sheds light on the re-oxidation mechanism"
